

NEiNastran, NEiModeler & NEiWorks

LISTA DE PRECIOS ACADÉMICA

Licencias de pago anual - Licencias Flotantes

NEiNastran	NEiNastran Engine complete with advanced PCGLSS, VSS & Lanczos Eigensolver. Industry unique NEiEditor, Nonlinear Event Simulation including full range of Linear, Nonlinear, Dynamic and Heat Transfer analysis solutions.				
NEiModeler	NEiModeler is a Pre/Post processor (FEMAP Enterprise) with support for CATIA, Pro/Engineer, UniGraphics, SolidEdge import, IGES import, ACIS & Parasolid import. Complete with searchable online help and .pdf documentation included.				
NEiWorks	True NEiNastran FEA embedded in SolidWorks				
		Qty. 1:1	Qty. 10:5	Qty. 24:12	Qty.
NEiNastran Educacional	NEiModeler bundled with NEiNastran Expert. These solutions coupled with the Pre/Post Processor (FEMAP Enterprise) allow for simple yet complete analysis of early design as well as a solution for a more complicated and robust analysis.	EUR 2,800	EUR 4,200	EUR 7,000	Consultar Aertia
		Qty. 5:5	Qty. 10:10	Qty. 24:12	Qty.
NEiWorks Educacional	Pre and Post processing for SolidWorks + Linear Statics, Steady State Heat Transfer, Modal, Buckling, PreStress, Advanced Dynamics, NonLinear Analysis and Transient & NonLinear Heat Transfer.	EUR 2,800	EUR 4,200	EUR 7,000	Consultar Aertia

Nota: Estas licencias son de pago anual y se renuevan anualmente.

Las cantidades suministradas de Solver son $\frac{1}{2}$ de las de Modeler.

Nota: Las licencias aquí descritas se refieren a usuarios académicos. El sistema operativo para el que son válidas estas licencias es Microsoft Windows.
